SAUVIGNON BLANC SONOMA COUNTY

2019

VINEYARDS

Although Sonoma County appears as just a small puzzle piece in the northern reaches of the state, its unique geography, from its coastal mountain ranges and gaps, to its inland valleys makes for an incredibly diverse and dynamic growing region. Using this to our advantage, we took careful consideration in selecting each of our vineyard sites throughout the county in order to both showcase its breadth and scope as well as how these different microclimates can complement each other. Rooted in the Russian River Valley, but with sources as far north as the warm, sunny slopes of the Dry Creek Valley, this Sauvignon Blanc pays due homage to its unique home.

VINTAGE

Starting with rain during bloom, 2019 transitioned into a steady, slow to warm spring. Temperate throughout the summer, offering only a couple intermittent heat spikes. Average yields and incredible quality with harvest beginning in early August.
